

NCEES EXAM UPDATES

April 2017 Exam Changes

The following changes are in place for the April 2017 exam administration.

PE Mechanical Engineering — The PE Mechanical Engineering exam has new specifications starting in April 2017. The specifications are posted on the NCEES website. Starting with the April 2017 administration, the PE Mechanical exam will no longer be a “breadth and depth” exam. It will become three distinct, separate exams:

PE Mechanical – HVAC and REFRIGERATION

PE Mechanical – MACHINE DESIGN and MATERIALS

PE Mechanical – THERMAL and FLUID SYSTEMS

PE Chemical Engineering – The PE Chemical Engineering exam will be administered in pencil-and-paper format for the last time in April 2017. There will not be a PE Chemical exam in October 2017. The exam will be converted to a computer-based test, with the first appointments available in January, 2018.

Structural 16-hour — The Structural 16-hour exam will have revised design standards starting in April 2017. The standards are posted on the NCEES website.

PE Civil — The PE Civil exam will have revised design standards for the Civil Structural module starting in April 2017. The standards are posted on the NCEES website.

October 2017 Exam Changes

There are no exam changes for October 2017
