

Important information about Pharmacy Technician Registrations.

Please be aware that all Pharmacy Technician online renewals will shut down on Friday, June 30, 2017 at 11:59 pm. In order to avoid technical issues and delays in processing, technicians need to renew by or before June 30, 2017. After June 30, 2017, any pharmacy technician who still needs to renew will need to print and complete the 2017-2018 Technician Renewal Application which can be found on the LLR website. Beginning July 1st, pharmacy technicians who have not yet renewed will be required to pay \$10 late fee.

As a reminder, pharmacy technicians may not work under a lapsed license.
